TOKEN AND MEDAL AUCTION #32 — PART I

Held in conjunction with the Delaware Valley Vecturists/Philadelphia TAMS Token and Medal Convention May 22-23, 1982 at the Sheraton Hotel, 1725 John F. Kennedy Blvd., Philadelphia, Pa. The sale will start promptly at 7:00 PM, Saturday, May 22.

We are issuing this sale in two parts. You should receive the mail-bid only section within the next 2-3 weeks. **NB: MAIL BIDS ON THE FLOOR SALE PORTION OF THIS AUCTION MUST BE RECEIVED BY MAY 20!!!**

1. Bid the highest amount you are willing to pay for the lot. Your bid will be reduced to a 10% advance over the second highest bid. There is no limit to the amount that we will reduce a bid.

2. Bids under $10.00 will not be reduced and bids will not be reduced to under $10.00.

3. In instances where there are duplicate lots, you may bid on an either/or basis and indicate a preference if you like.

4. Some lots are reserved. The auctioneer will execute such reserves by bidding for the consignor through its representatives.

5. All invoices will be shipped with lots enclosed and are payable within 7 days of receipt. Returns must be made within this period. We attempt to use strict numismatic standards in our grading and to note defects, which in our professional judgment, affect the value of the item. However, we do make mistakes and will accept returns when we are in error. On the other hand, capricious returns will not be tolerated.

6. Postage and insurance will be added to all invoices and paid by the bidder. We ship most lots via UPS unless instructed differently. Bidders on the heavier medallic items who use post office boxes are urged to give us their street address for UPS delivery as their charges are often considerably less than the Postal Service.

AUCTION SUBSCRIPTIONS

We have finally computerized our subscription list. If you will look at the computer address label you will note either a number 32 or the letter "C" opposite your name. "32" means that your subscription to our sales expires with the publication of Auction #32 (this sale). If you note a "C", that indicates that your subscription is a complimentary one. These are given as a matter of courtesy to all dealers who request it. If you see neither a number nor the letter C, then this means that you have received a one-time only complimentary copy and that you will have to subscribe to receive future sales.

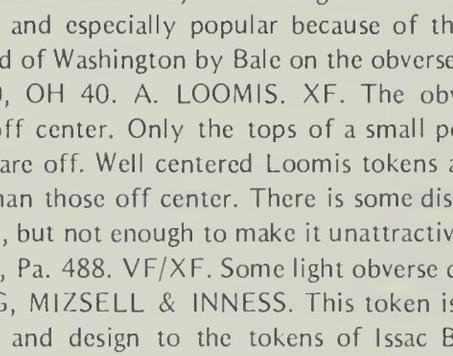
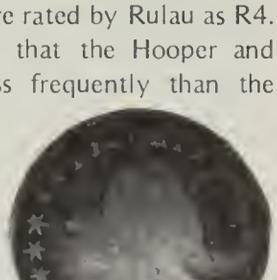
Hard Times Tokens

1. Low 3. A sharply struck XF obverse with a VF reverse which is slightly weak in the center. A clean piece without the dark discoloration so often found on these brass tokens.
2. Low 4. Attractive VF/XF.
3. Low 6. A nicely struck VF with a minor dark spot on the reverse.
4. Low 9B. Obverse F/VF. Reverse VF/XF. 95% of the original silvering still remains.
5. Low 13. A clean, sharp VF/XF. Tough to find like this without blemish.
6. Low 15. XF. Generally well struck except for the breast feathers on the eagle.
7. Low 16. VF/XF. Some very minor obverse discoloration.
8. Low 20. A choice AU with considerable red. A light area of discoloration does not distract appreciably.
9. Low 21. A very sharply struck XF. The planchet shows the usual porosity associated with this number. All in all, this is an exceptionally nice example of Low 21.
10. Low 22. VF. Evenly struck with no damage whatsoever.
11. Low 23. VF. This token is usually found in lower grade and with the "NOT" scratched out. Ours is a most acceptable specimen in all respects.
12. Low 55. Gilded VF/XF. The underlying copper shows through on the high points of this popular "Loco Foco" token. This is the first Low 55 we have ever seen gilded. I know of no definitive test to ascertain if this was done at the time of manufacture, however, the token has seen evident wear after the gilding process and has the "look" of being done long ago.
13. Low 56. XF. Popular Van Buren political.
14. Low 66. Almost Uncirculated. Attractive brown patina with the steer in the center well defined. Certainly a rare token in this condition.
15. Low 73. Well struck VF.
16. Low 77. Fine for the token. Almost all of the lettering is visible save for a relatively small weakly struck area near one edge on both obverse and reverse. There are a few very old light reverse scratches. Usually found in really disreputable condition, the Fine grade placed on this piece represents a superior condition token.
17. Low 94. Red and Brown AU. Shows just a hint of wear.
18. Low 130A but reeded edge. Conn. 35. J.M.L. & W.H. SCOVILL. 26.8mm. Brass. XF. Unlisted with a reeded edge and the smaller planchet.
19. Low 142. Sharp VF with a few small field digs around the device in the center of the reverse.
20. Low 155. T.D. SEAMAN, BUTCHER. Slightly dark VF/XF. There is a very tiny rim dent on the obverse at 5:00 which we mention only for the sake of those with razor sharp eyes. A rare storecard with auction records in excess of $1,000.
21. Low 190. Attractive bright VF/XF. Holed as usual. A scarce Van Buren political.
22. Low 217, Pa. 47. BENDER'S EATING SALOON. Rx: GOOD FOR 38 CENTS. A very rare (R7) Philadelphia merchant token which seldom appears for sale. (This is only the second which we have ever handled). The brass planchet is ever so slightly irregular. The incused letters are sharp and bold. Should bring $750+.



23. Low 317, NY 1017, Baker 539. HENDERSON AND LOSSING, POUGHKEEPSIE, NY. Strong VF. A very scarce (R6) storecard and especially popular because of the use of the small head of Washington by Bale on the obverse.
24. Low 320, OH 40. A. LOOMIS. XF. The obverse is very slightly off center. Only the tops of a small portion of the lettering are off. Well centered Loomis tokens are decidedly scarcer than those off center. There is some discoloration to this piece, but not enough to make it unattractive.
25. Low 358, Pa. 488. VF/XF. Some light obverse discoloration. SPERING, MIZSELL & INNESS. This token is very similar in fabric and design to the tokens of Issac Barton & Co, Samuel & Joseph Harvey, Hooper, Martin & Smith, Smith & Brothers and James Watson. All are rated by Rulau as R4. However, our experience has been that the Hooper and Spering tokens show up much less frequently than the others.
26. Low 400 (unlisted variety). HOUCKS PANACEA c/s on 1807 halfdollar. The host coin is AG while the c/s is reasonably strong.



27. UNLISTED MERCHANT COUNTERSTAMP OF THE HARD TIMES PERIOD!

S. HUTCHINGS & CO., AGENTS BALTO/GIBBS TIFFANY & CO./STURBRIDGE MASS./1836. An eagle with a shield on its breast, arrows and an olive branch in its talons is also c/s above the inscription on a large cent of the 1830's period. A review of the Baltimore business directories reveals the following: In the 1835-6 directory, S. Hutchings & Co. is

listed as "chemists". In the 1836 directory, they are listed in a block ad as agents for the Roxbury Indian Rubber Co. and also as agents for the manufacturers of the patent long and pocket rifles, and dealers in guns, rifles and pistols of every description. Their address is given as 186 Baltimore Street. In 1837-8, they are listed as hardware merchants. There is no listing for the company in the 1840-1 directory.

This token, from the Fuld's Baltimore collection, is a major discovery for the Hard Times Collector. Although it resided in their collection for many years, this is the first time to our knowledge that it has been publicly listed and described.

19th Century Merchant Tokens

28. Alaska 16. XF. VALDEZ, ALASKA. BUFFET.
29. Alabama 2. Nice bright Unc. MOBILE JOCKEY CLUB.
30. Alabama 3. Red and Brown Unc. MOBILE JOCKEY CLUB.
31. Alabama 5. Unc. MOBILE JOCKEY CLUB. Only 15 struck in this metal!
32. Illinois – Unlisted. CHILD & BRO. in a curved line above OTTAWA, ILL. c/s on an 1859 seated quarter. Extremely rare. The few others seen have been on seated halves.
33. Illinois 40. Unc. Small carbon spot above fireman's hat. PETER STUMPS.
34. Kentucky 26. AU. A few minor rim marks. H. MILLER & CO., DIE SINKERS. Rare in this metal; usually seen in copper.
35. Maryland 163 but brass, Sma-2 but brass. Choice Unc. GEO. P. STEINBACH. A rare merchant/game counter care. From the Fuld Collection.
36. Maryland – Unlisted. Copper, 20mm. VF. A few field cuts. JOHNS HOPKINS COLORED ORPHANS ASYLUM around. Ctr. INCORPORATED/1867. Rx. large 1 surrounded by rays (a typical Dorman rx). Unlisted by Adams, Miller or Duffield.
37. Maryland – Unlisted. Same inscription as above but on a 22mm aluminum planchet. Rx. "5" surrounded by rays. G/VG.
38. Maryland – Unlisted. 18mm. White metal. Lustrous Unc. Obv.: E.S. (choenberger)/1/& Co. Rx. eagle. See Token Collectors Pages p. 81 where the token is pictured, identified and rated R9. Circa 1874. From the Fuld Collection.
39. Another rare Baltimore token from the Fuld Collection. Obverse: In the center within a circle, MEARS & HOULTON /U.S./BALTIMORE. Above, forming a semi-circle, 15 stars; below, PATENTED. 1857. Rx.: Above, LEGATION OF THE U.S.A. Below, PARIS. In the center, within a circle, an eagle with a shield on his breast, arrows & olive branch in talons, 13 stars above. 30mm lead XF. Unlisted by Adams or Miller, but listed by Duffield as No. 81, where he notes that in the Levick Sale of 1884, a similar piece described as "Legation of the United States at London" appeared. It was described there as "Extremely rare". That same comment is appropriate for this token.
40. UNLISTED BALTIMORE MERCHANT COUNTERSTAMP – POSSIBLY HARD TIME PERIOD.

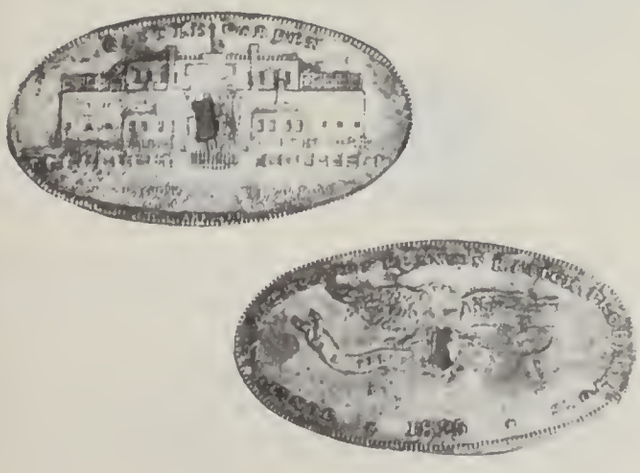
S. JACKSON in a curved line/BALTIMORE. c/s on an 1834 half cent. The host coin is F/VF. The c/s is bold. The 1835 Baltimore directory lists a "Shadrach Jackson" and his occupation as "sawyer" on "Douglass Street west of Forest". Since the c/s only uses the first initial, its attribution to "Shadrach" Jackson is conjectural.

41. Maryland(?) Unlisted. 17mm. Silver. Toned Unc. Obv.: Around the edge, THE CHAMPAIGN FOUNTAIN, in center is a fountain. Rx.: IN VINO/VERITAS. This intriguing token first made its auction appearance in the 1860 Groh Sale, where it was catalogued as "very rare" and sold for $1.50. An example also appeared in the Betts Sale of 1898 where the cataloger, Lyman Low, attributed it to Baltimore. This attribution is uncertain since the name does not appear in the Baltimore directories. Whatever the truth of the matter, this rare token has been considered by many to be an integral part of a Baltimore collection and, indeed, this very piece comes from the Buld Baltimore Collection. (See TCP, p.90.) Rulau, in his new merchant token book, has also listed this as a Baltimore token.
42. Massachusetts – Unlisted, Baker 561, Schenkman C-34. JOS. H. MERRIAM. Red Unc. with a few light spots. Bust of Washington to r.
43. Massachusetts 69, Schenkman C-18. Nice Unc. JOS. H. MERRIAM. Bust of Heenan, the Fighter.
44. Massachusetts 85. XF. A few minor field marks and edge indentations. A very nice example of this rare REUTER & ALLEY storecard. An AU example in our auction No. 30 brought $1,200.
45. Massachusetts 91 but "18", Schenkman B-54. Baker 581. VF/XF. C.F. TUTTLE.

46. Massachusetts 102. XF. J.A. BOLEN. Popular "Young America" reverse die.
47. Missouri 9. Red and brown Unc. E. JACCARD & CO.
48. Missouri 24. VF. NICHOLSON'S. "Half dime". A scarce token in german silver.
49. Missouri 41, Baker 506. F/VF planchet crack from rim to nose. ABRAHAMS.
50. Missouri 41 but silvered. A sharp VF/XF. The first such silvered piece we have handled.
51. Missouri — Unlisted, Slabaugh 15-2. Lightly tarnished AU. JOEL SWOPE. Centennial storecard.
52. New Jersey 24. Choice Unc. struck over an English halfpenny of 1862. ALFRED R. SHREVE.
53. New York 42, Kuethe MT007. XF. HERR ALEXANDER.
54. New York 55. Unc. BALTIMORE & OHIO RAILROAD. Scarce and undervalued in Miller. Ex-Fuld.
55. New York 141. Choice Unc. ELEANOR RUGG BYRNE. 72 struck.
56. New York 142. Unc. Same as the above in brass.
57. New York 143. Proof. The obverse left edge is partially untrimmed. (See TCP 40, 44 for a discussion of these "Byrne-ore Gold" tokens.)
58. New York 161. CLINTON LUNCH.

A rare New York City storecard in a superb state of condition — a choice AU which is generally well struck. In our Sale No. 30, last year, we ran a weakly struck VF in german silver which realized $425.00 in spirited bidding.

59. New York 172, Baker 529. Red Unc. JOHN CURTIS.
60. New York 319. Red and brown Unc. E. HILL, COIN DEALER. Popular Lovett obverse die. "No pleasure can exceed the smoking of the weed".
61. New York 624 1/2. XF shellcard with minor spotting. NEW YORK CIRCUS. A dynamite circus piece showing a woman standing atop a running horse!
62. New York 642, Slabaugh 43-3. Ch. AU. W. PIMMEL. Centennial card.
63. New York 644. Silver. Toned Unc. F. PRENTICE MINING. Scene of the Prentice Mine in Nevada on the obverse.
64. RARE CASTLE GARDEN TOKEN



New York 654. RATHBONE & FITCH, CASTLE GARDEN. Ex-J.N.T. LEVICK Collection (1884), Lot No. 352 where it was described thusly, "Rathbone, Jonathan and Francis B. Fitch, proprietors, 1825; rev. Castle Garden, view of the building. Oblong, perforation in the center, otherwise in fair or good condition. This most interesting memorial of Castle Garden, as it was sixty years ago, is in form a long oval; the metal, I judge, is silver; it is certainly of hard metal. The piece is believed to be unique. 32x17. Plate."

The above description illustrates some of the difficulties in working with early auction catalogues. To begin with, the token is decidedly not silver. It appears to be a silvered copper. As far as the condition is concerned, this token is a strongly struck VF. Even allowing for a certain deterioration in grading standards over the years, it is hard to see how anyone could call this "fair" or "good". Yet, this is the identical token pictured on the Levick Sale plate.

There is some controversy concerning the rectangular "perforation". One school of thought holds it to be a cancellation punch. Others think that there is no compelling evidence for this view and feel it may just as well be a random mutilation. Probably, we will never know the truth of the matter unless another token surfaces with an identical punch. (Lot No. 247 in our 23rd Sale — 1977 — was this same piece). In any event, the Castle Garden token is so rare that it should make little difference to the serious collector. The paucity of non-perforated specimens is evidenced by Levick's inclusion of this single specimen in his personal collection, which was perhaps the finest ever assembled in the 19th century! Worthy of a bid into four figures.

65. New York 672, Baker 569. Red Unc. ROBBINS, ROYCE & HARD. 35 struck in copper.
66. New York 731. Red Unc. Tiny obv. spot. ROOT & CO. DAGUERRIAN GALLERY.
67. New York 966. Unc. WM.P. WOODCOCK. A very popular token with Lovett's rendition of a woodcock on the reverse.
68. New York 1019 but lightly silvered. Unc. OLCOTT & BRO.
69. PENNSYLVANIA 5, Baker 563. Unc.

Small stain on reverse at 2:00. MT. HOLLY PAPER CO. A rare token. An uncirculated specimen in white metal (also R7) brought $170.00 in our Sale No. 26 (1979).

70. Pennsylvania 6. Another MT. HOLLY PAPER CO. token, this one in WM. A really nice bright Unc. that has several light obverse scratches that are not distracting.
71. Pennsylvania 34. Bright AU with a tiny corrosion spot on the reverse. J.C. BAILEY. Miller calls this token "Rare" but then proceeds to undervalue it tremendously. (Ex-Max Schwartz.)
72. Pennsylvania 88. XF. W.B. CHAPMAN. Soda check. Baker 527.
73. Pennsylvania 89B, Choice proof-like AU. EDWARD COGAN. Any of Cogan's tokens in silver are rare.

74. Pennsylvania — Unlisted, Slabaugh 114-6. White metal AU. DIETRICH KNOPPEL. A centennial card with the Maryland arms reverse.

76. Pennsylvania 147. Choice R&B Unc. EVANS AND WATSON. Sommer Island Shilling reverse.
77. Pennsylvania 192. Copper proof. JAMES HARMSTEAD. While this is a common merchant token in brass, it is rare.

Medal given by "South Carolina to the Palmetto Regiment" in Mexico. 48mm. Silver. Extra Fine with small rim dent at 5:00 on the obverse. He later became ill and was discharged while still in Mexico in 1848 at age 22. He was later admitted into the USA General Hospital at New Orleans in June of 1849.

The Palmetto Regiment medal is among the most desirable of the Mexican War medals and is considered extremely rare. The last auction record we can find of one was in our Landmark Sale (1976) where a silver inscribed specimen (Ex-DeWitt, Bushnell) went for $626.00. Even the fabled Garrett Collection did not have a specimen of this medal.

Presidential and Political

264a. 3x8½" unusual William Henry Harrison death silk. "The Nation Mourns a Hero Gone". At the bottom is an old fire pumper. This ribbon was probably worn by a fireman at the funeral procession in New York April 10, 1841. On the reverse of the ribbon is printed a long biography of Harrison. (Est. $125.) PLATE

265. Native American Association of Burlington ribbon. 2¾x7". Oval center protrait of Washington, BEWARE OF FOREIGN INFLUENCE below. Some very light staining. A typical Know-Nothing Party ribbon. Usually, such ribbons are headed "Native American" or "American Republican". Many of the ribbons featured George Washington, whom the Know-Nothings venerated because of his remarks in his famous Farewell Address about the "dangers of foreign entanglements" and the need to "beware of foreign influences" ($75). PLATE

266. 3x8" American Republican Association, New York. A rare peach colored ribbon, again featuring the Know-Nothing idol GEORGE WASHINGTON. Vivid colored ribbons of this period are quite scarce. This one is worth $125. PLATE

267. Yet another Know-Nothing ribbon. 3x7" AMERICAN REPUBLICAN ribbon with a handsome portrait of Washington and the following quotation below. "History and experience prove that foreign influence is one of the most baneful foes of a republican government." ($75). PLATE

268. Hake 3038. A superbly graphic Henry Clay campaign ribbon. "Pride of America" "People's Choice", "Protector of American Industry". Certainly a centerpiece for a Clay display. ($100). PLATE

269. From the Warner Sale of last year, where it brought $425 + 10%, comes this rare 1849 Zachary Taylor inaugural ribbon. It was described in this sale as follows, "Similar to Hake ZT 3012. Inscribed Z. TAYLOR, THE PEOPLE'S CHOICE INAUGURATED MARCH 5, 1849. Usually found with a memorial logo stamped on, this item is rare and desirable in the inaugural form. A fine addition to a campaign or inaugural collection. Faint spotting throughout and a ½" discoloration at top. Overall appearance is good. Black on white. 2¼x7". Est. $350 and up." – See also MacNeil, The President's Medal, p. 35. PLATE

270. Marvelous Zachary Taylor Death ribbon. Approx. 4x8". Faintly foxed throughout. Red, white and blue flag. The eagle, bust of Taylor and the surrounding design are all in gilt. At the bottom, Taylor's last "coherent" words are quoted, "I die – I am expecting the summons – I am ready to meet death – I have endeavored faithfully to discharge my duty – I am sorry to leave my friends!" (Sounds like this was written by a ghost writer.) PLATE

271. Baker 55. Tin. Plain edge. THE AMERICAN EAGLE. Struck in 1834, probably in England. The central devices, the bust of Washington and the displayed eagle, are generally well struck up and grade F/VF. However, the legends surrounding are quite weak and not discernible in some areas. The field has many small marks (but no gouges) as one would expect on a tin medal in circulated condition. PLATE

272. Baker 77. Robinson's Washington Medlet by G. H. Lovett. R7. R&B Unc.

273. Baker 136. Born-Died silver token by Robert Lovett, Jr. AU. Tiny rim dent.

274. Baker 60. 1832 Centennial Medal. Tin original (whithout the reverse die crack). Bright AU.

275. Baker 160. Copper Original. Unc. R8. Copper originals were unknown to Baker. Fuld notes their existence in his comments in the Baker reprint.

276. Baker 160. Brass. Original die. Not even Fuld was aware of the existence of brass tokens struck with the original undamaged die. Nice AU. Of the highest rarity.

277. Baker 258, DeWitt U 1862-1. WM. R8. Unc. with minor spots. A few crimps in the highwire edge. AVOID THE EXTREMES OF PARTY SPIRIT.

278. Same, but in brass. R9. Rather dull Unc with minor spotting. Another scarce Bolen token.

279. Baker 365. SOLDIERS' FAIR SPRINGFIELD. Copper Nickel. R-10. AU. Ex-Fuld. Heretofore unreported in this metal.

280. Baker 435. Silver Toned XF/AU. A number of tiny rim nicks. Visit of the 7th Regiment to The Centennial Exhibition. R8. PLATE

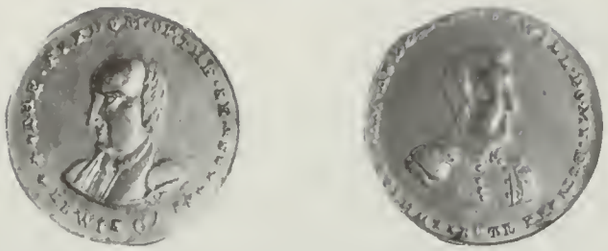
281. Superb token hand engraved on a Barber quarter. Equestrian statue of Washington ctr. To left, WASHINGTON MON'T. To right, RICHMOND/VA.

282. Douglas 53. The Official Medal of the 1889 Centennial of Washington's Inaugural as President. Cast bronze. 115mm. Very sharply cast AU. Augustus St. Gaudens, Sc. Probably the nicest one of these imposing medals we have handled. The detail shows up much more clearly on this medal than usual. Original mint lustre still adhering. PLATE

283. Hansen-2. The Official Medal of the 1932 Washington Bicentennial Celebration, 1932. 76mm. Silver. Choice AU. Laura Gardin Fraser, Sc. Silver medals are quite scarce having been awarded as prizes rather than sold to the public.

284. EXTREMELY RARE THOMAS JEFFERSON MINIATURE. Obverse: THOMAS JEFFERSON around a well executed bust of TJ to the left. Reverse: Around the edge, FRIEND OF LIBERTY. In the center within a circle, 1776. 9mm. White metal. Toned AU. Obviously of 19th century manufacture, this rare token is completely unlisted. Ex-Fuld.

285. LEWIS CASS



EXTREMELY RARE TOKEN OF LEWIS CASS. DeWitt LC 1848-6. VF/XF. Unlisted by Saterlee and listed by DeWitt only on the strength of an incomplete description in the Albert Holland Sale in 1878. Clearly the rarest of all Cass tokens (none of which are common). Estimate $750.

286. RARE LINCOLN-HAMLIN FERROTYPE

Unlisted in DeWitt. The Lincoln photo does not appear to be any one of the three standard photos illustrated by DeWitt. The Hamlin portrait likewise does not appear to be any of the standard photos.

The ferrotypes are mounted in an unusual fob type frame with a swivel top. The ferros themselves are in average condition with some flaking that, while visible to the naked eye, does not distract appreciably from their attractiveness. Worth $300+.

287. AL 1860-56. WM Slightly porous VF/XF.

288. AL 1864-72, Julian PR-35. Silver. XF. "The crisis Demands his reelection". A rare silver campaign token struck by the U.S. Mint!

289. HAYES SILVER TOKEN

RBH 1876-13. Silver. Beautifully toned uncirculated specimen of which only six were struck in silver. Expecially desirable since the busts of both candidates are shown.

290. McKINLEY MECHANICAL CHAIR

Similar to Hake GC #3198. The seat of the chair, which is labeled WHO WILL OCCUPY IT?, flips up to reveal a cardboard photo of McKinley. Much rarer than the Cleveland chair. The small tab which holds the chair seat down is broken off. The spring mechanism, however, works perfectly.

291. McKINLEY MECHANICAL GOLDBUG. Nice photos of McKinley and Hobart. The spring on the wings works perfectly, but the catch at the bottom which holds the wings in a closed position is broken. Still a nice display piece.

292. BRYAN MONEY. Zerbe 15, HK 786. XF. Tiny rim dent. SPAULDING & CO.

293. BRYAN MONEY. Zerbe 20. XF. Minor rim dent. ONE DIME piece by Fred H. TIBBETTS, one of the pioneer makers of Bryan Money. Zerbe notes that this is RARE.

294. RARE BRYAN MONEY TYPE. Zerbe 137. Pewter. 87mm. AU. H. MUHR'S SONS. 629 CHESTNUT ST. PHILA. Rx FOR WHOSE BENEFIT? OF WHAT USE/REDUCTO AD/ ABSURDUM. H. Muhr Sons was a jewelry firm in Philadelphia which has long been out of business. A rare piece of Bryan Money and one of the few that mentions a merchant. PLATE

295. UNLISTED BRYAN MONEY

65mm. Pot metal. Crudely struck VF. A number of minor rim dents. Obv.: TIN MILL BILL MCKINLEY 1896 around. Center, a small bust of McKinley facing left. Rx FREE COINAGE MAKES MY TIRED. Center, a crude donkey. Most unusual. The only piece of Bryan Money that, to my knowledge, carries a portrait of President McKinley. Certainly worthy of a bid in excess of $200.

296. UNLISTED BRYAN MONEY

48mm. 6mm thick. Reeded edge. Steel planchet. VF. In incused letters, Obv.: HARD TIMES/ALTGELDISM/ 1896/FREE SILVER/&/FREE HELL. Rx: ONE/DOLLAR /16 TO 1/IN BRYAN WE TRUST.

"Altgeldism" refers to John Peter Altgeld, Governor of Illinois. Altgeld, a supporter of Bryan, was thought by some to be an anarchist. This was an effort to tarnish Bryan by association with Altgeld. RARE and heretofore, unreported.

297. 1917 WOODROW WILSON OFFICIAL INAUGURAL MEDAL. Unfinished variety. A beautiful lustrous reddish orange patina. The high wire rim has several minor nicks which one really needs a glass to see. This medal, with its estimated mintage of "not more than 300", is one of the acknowledged keys of the series. We estimate that it should bring in the $1500-2000 range. **PLATE**

298. 1917 WOODROW WILSON OFFICIAL INAUGURAL COMMITTEE BADGE. Levine OICB-9. 2x5½", Blue ribbon with gold letters. Pin on back for attachment. "CIVIC ORGANIZATIONS. One of the most elusive of the 20th century committee ribbons. (Est. $125-200).

299. 1927 Franklin D. Roosevelt Official Inaugural Medal. Bronze. Choice Unc. The most difficult of the four FDR Official inaugural medals to obtain.

300. **RARE "MARRIOTT" ENCASEMENT OF THE 1969 NIXON OFFICIAL INAUGURAL MEDAL.** As MacNeil notes, President Nixon had 500 of his bronze medals gold-plated by the Balfour Co. and encased in a lucite block. A greeting from Nixon and his facsimile signature was stamped in gold at the base. The Chairman of the Inaugural Committee, Willard Marriott, also had a hundred similarly made, but with his own signature, as gifts to friends and colleagues. The encasement here bears the name of the recipient with the words WITH APPRECIATION below. A facsimile of Marriott's signature follows and his title, CHAIRMAN, INAUGURAL COMMITTEE 1969. The encasement is housed in a plush leatherette box with the name of the recipient stamped in gold on the outside. Decidedly rare, and missing in most collections. ($400-up).

Obv.: A busy beehive surrounded by DO YOUR DUTY/ 1846. Rx: Clasped hands (the motif found on the later Mormon gold pieces from Sederet) and the legend UNION IS/STRENGTH. Copper. Nice VF/XF.

In the 1911 Numismatist, page 241, S.K. McGarry wrote the following, "MORMON CENT. During the year 1846 the beginning of the great exodus from Nauvoo to the Salt Lake Balley – there appeared a strange little brass token that has created and attracted the attention of church members and collectors from all over the world. The date, and Brigham Young's (Young was then leader of the Mormons) favorite emblem, the beehive, meaning let everyone do his duty, and clasped hands signifying friendship, indicate very strongly that the coin is associated with the Mormons. It is not known whether or not this token was used as an exchange medium, or a commemorative issue, nor do we know what value is carried with it because of the lack of information and numbers designating the value thereto. The coin is said to be approximately the xize of a dime."

It should be noted that the above quotation refers to the token as being brass. Another specimen, sold by Bowers and Ruddy was brass and the example we sold in our sale No. 28 was also brass. To our knowledge, this is the first instance of a copper specimen ever offered for sale.

347. PHILADELPHIA SANITARY FAIR. CM-44. Anthony Paquet, Sc. Bronze Unc.

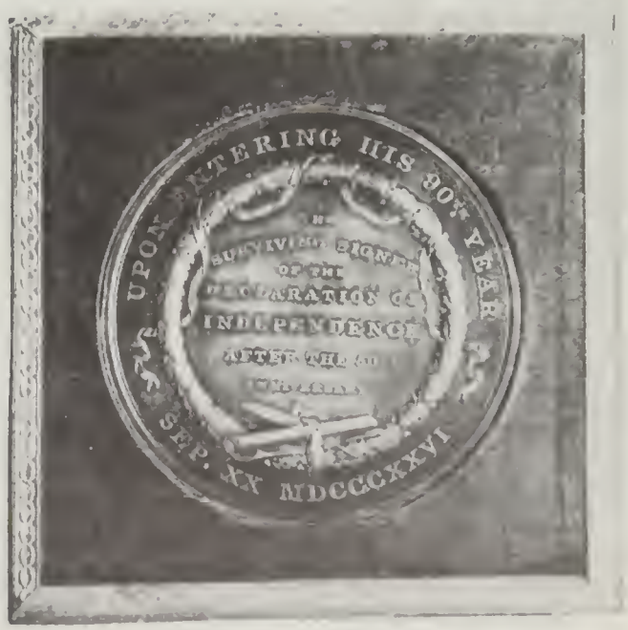
348. JOSEPH FRANCIS LIFE SAVING MEDAL. LS-13. 105mm. Bronze. Choice Unc. Louis St. Gaudens, Sc.

One of the largest and most magnificent U.S. Mint Medals. According to Julian, "It took fifty blows to bring up the design. Since each blow required thirty minutes (including annealing, striking, acid treatment, etc.) the finished medal required 25 hours of work!" According to Mint record, only 45 specimens were struck in bronze. To our knowledge, this is one US Mint Medal which has not appeared in any of the recent large auctions of Mint Medals. We estimate it should bring $600+. PLATE

349. THE FABULOUS CHARLES CARROLL OF CARROLLTON MEDAL – ORIGINAL SILVER! 52mm silver. Christian Gobrecht, Sc. Proof with several light scratches in front of the bust. Stuck by the U.S. Mint. Julian PE-6.

The reverse inscription tells the history of this medal. To celebrate the 90th birthday of Charles Carroll, the last surviving signer of the Declaration of Independence, his family had Gobrecht execute this striking medal. Gobrecht's design was approved by the artist, Thomas Sully, and five gold and thirteen silver medals were struck and presented to family and friends.

John J. Ford, Jr. has referred to this as ". . . one of the rarest American medals". When the Charles I. Bushnell Collection was auctioned by the Chapman Brothers in 1882, only a bronze original was offered. It realized $55. To fully appreciate this price, one should consider that in this very same sale, a Washington C.C.A.U.S. in silver brought $30 and Baker 58 (The Sansom Peace Medal) in silver brought only $28. These two medals were offered



in the Garrett Sale and sold for $19,000 and $13,000 respectively!

Our search of modern sales reveals only one original silver specimen offered at auction. New Netherlands Coin Company in its 40th Sale (1954) lot No.513, presented a specimen "almost very fine, but holed above the head and battered on the edges". The medal was referred to by the cataloger, John Ford, Jr., as "An acceptable example", illustrating his feeling (and ours) that when an excessively rare medal is available, one should not be terribly concerned about its condition. This medal was purchased by the Fulds for $27.50. When we purchased the Fuld Maryland Collection last year, we sold this medal in a private transaction for $1,000.

We should note here that there exists an extremely deceptive copy of the Carroll medal which was the responsibility of Dr. F.S. Edwards. The Chapmans considered the copy so deceptive that they placed it next to the original on one of the Bushnell plates. The original can be distinguished from the copy by the wider spacing between the letters O and N of Carrollton in the copy. Our example (purchased in England last year) is clearly an original and is contained in the bottom half of its original presentation case.
